

Church History and Beliefs

The GSSA suggests creating a bulletin board similar to this at the beginning of the unit.

Look for a new Church History topic in the next several Zion's Advocate issues. Lessons will also be posted at www.churchofchrist1830.org in the Resource section (lessons are meant to be adaptable so they are listed in the "Lessons for Children" and "Lessons for MS/HS section.")

The "What I already know" statement can be answered anytime before the lesson.

"What I want to know" statements can be made before or during a lesson.

After the lesson, give each participant an index card, or piece of paper, to write what they learned and add it to the topics column. Most of all, enjoy learning about the Church of Christ's History and Beliefs!
